

## **Notice of CAMTS Site Survey**

**January 18<sup>th</sup> & 19th, 2010**

The purpose of the site visit will be to evaluate the program's compliance with nationally established medical transport standards. The site visit results will be used to determine whether, and the conditions under which accreditation should be awarded to the program.

CAMTS accreditation standards deal with issues of patient care and safety of the transport environment. Anyone believing that he or she has pertinent or valid information about such matters may request a public information interview with the CAMTS site surveyors at the time of the site visit. Information presented at the interview will be carefully evaluated for relevance to the accreditation process. Requests for public information interviews must be made in writing and sent to CAMTS no later than 5 business days before the site survey begins. The request should also indicate the nature of the information to be provided during the interview. Such request should be addressed to:

Office of the Executive Director

Commission on Accreditation of Medical Transport Systems

P.O. Box 1305

Anderson, SC 29622

The Commission will acknowledge such written requests in writing or by telephone and will inform the program of the request for an interview. The Commission will, in turn, notify the interviewee of the date, time, and place of the meeting.

Air Medical, LLC., an air ambulance service organization, is dedicated to providing Committed Compassionate Care utilizing fixed wing aircraft. Air Medical provides the highest level of safety, reliability and integrity. We provide a fulfilling work environment for our highly trained staff. We desire to be a positive influence in the medical aviation community while achieving a reasonable return on investment to ensure long-term economic viability and sustained growth.

This notice is posted in accordance with CAMTS requirements and shall not be removed until the site visit is completed.
